## HDL7500 « 6.5kVA/1ph « DIESEL

- Fitted with HDL88 engine
- Compact
- Portable
- Low fuel consumption
- 2 x 220 V - SA 3pin sockets & 1 x industrial single-phase plug and socket
- Circuit breaker
- EU standard electrical fittings
- 12 volt 8.5 amp battery charging facility
- 14.5l fuel tank running 7 to 10 hours

## HDK8500E SILENCED DIESEL GENERATOR

- Fitted with HDK92 engine
- Compact
- Portable
- Low fuel consumption
- 2 x 220 V - SA 3pin sockets
- Circuit breaker
- EU standard electrical fittings
- 12 volt 8.5 amp battery charging facility
- 14.5l fuel tank running 7 to 10 hours
- Silenced canopy
